OUR DYNAMIC STORY

Brief History:

Our humble beginning was when we started in year 2007 as a team of freelance software developers that offer professional website designing, web hosting, rich internet application development, e-commerce system development, systems integrations and digital marketing. We have established our first service brand named “Hive eMedia”.

Hive eMedia had been known for the web development and digital marketing services, which offers complete, dynamic yet cost-effective web presence solution which benefited small and medium enterprises (SMEs) and other well-known organizations in the Philippines and foreign entities.

In 2016, we have registered **Hivelabs Technologies Corp.** as a duly registered corporation in the Philippines and thus gave birth to our brand “**HiveLabs**”. Since then our services have diversified to meet the evolving demands of our industry. We became the choice and the trusted business partner of our clientele for digital adoption and transformation.

Today, HiveLabs holds its pride in servicing clients that sizes from startups to enterprises globally, as we continue to grow and expand our network of satisfied clients.

OUR SERVICES

< CUSTOMIZED SOFTWARE DEVELOPMENT />

Our Proven Methodologies Brings Success To Every Projects.

Full Stack Development

Use Cases:

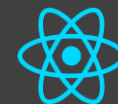

- eCommerce App
- Game Development
- On-Demand App
- Shipping / Logistics
- Chat / Video Call

- QA Testing
- End-User Support
- Cloud Management
- Continuous Deployment

Accelerate digital strategies, Innovate customer journeys, and integrate solutions boosting your business growth.

[NOTABLE CLIENTS : IT SOLUTION DEVT & CLOUD]

PHILIPPINES CLIENTS

Singapore Clients:

CLIENT ENGAGEMENT PROCESS

Qualification

An initial call is made where we discuss the client's software needs and analyze our ability to build what the client requests. We will also introduce the process to developing software applications and outline our strengths that are specific to the client's needs.

High-Level Requirements Documentation

Our business analyst will put together a high-level business requirement outline explaining the client's requirements. The system is broken down and any documents the client shares will be attached. Hivelabs will share this document with the client for review and feedback.

Proposal Review

Hivelabs will meet with the client to review the proposal together. This allows us an opportunity to review functionality and get the client's feedback. If the project cost is not within the client's budget, this is an opportunity to discuss and determine what changes can be made to reduce scope and cost, if necessary. The proposal will be updated accordingly.

1

2

3

4

5

6

Discovery Meeting

This stage is a detailed meeting with the client. Our team will request for more information on the client's current process. Involved are the client's team and Hivelabs's team (a business analyst, and a solution architect/designer). The functionalities of the custom software the client desires shall be evaluated, documented and analyzed. We may follow up after this meeting with further questions.

Proposal / Quotation

Based from the gathered requirements and high level documentation, Hivelabs will prepare a proposal and quotation document. This will include the scope of work, timeline, project cost and terms. Once complete, this will be sent to the client for review.

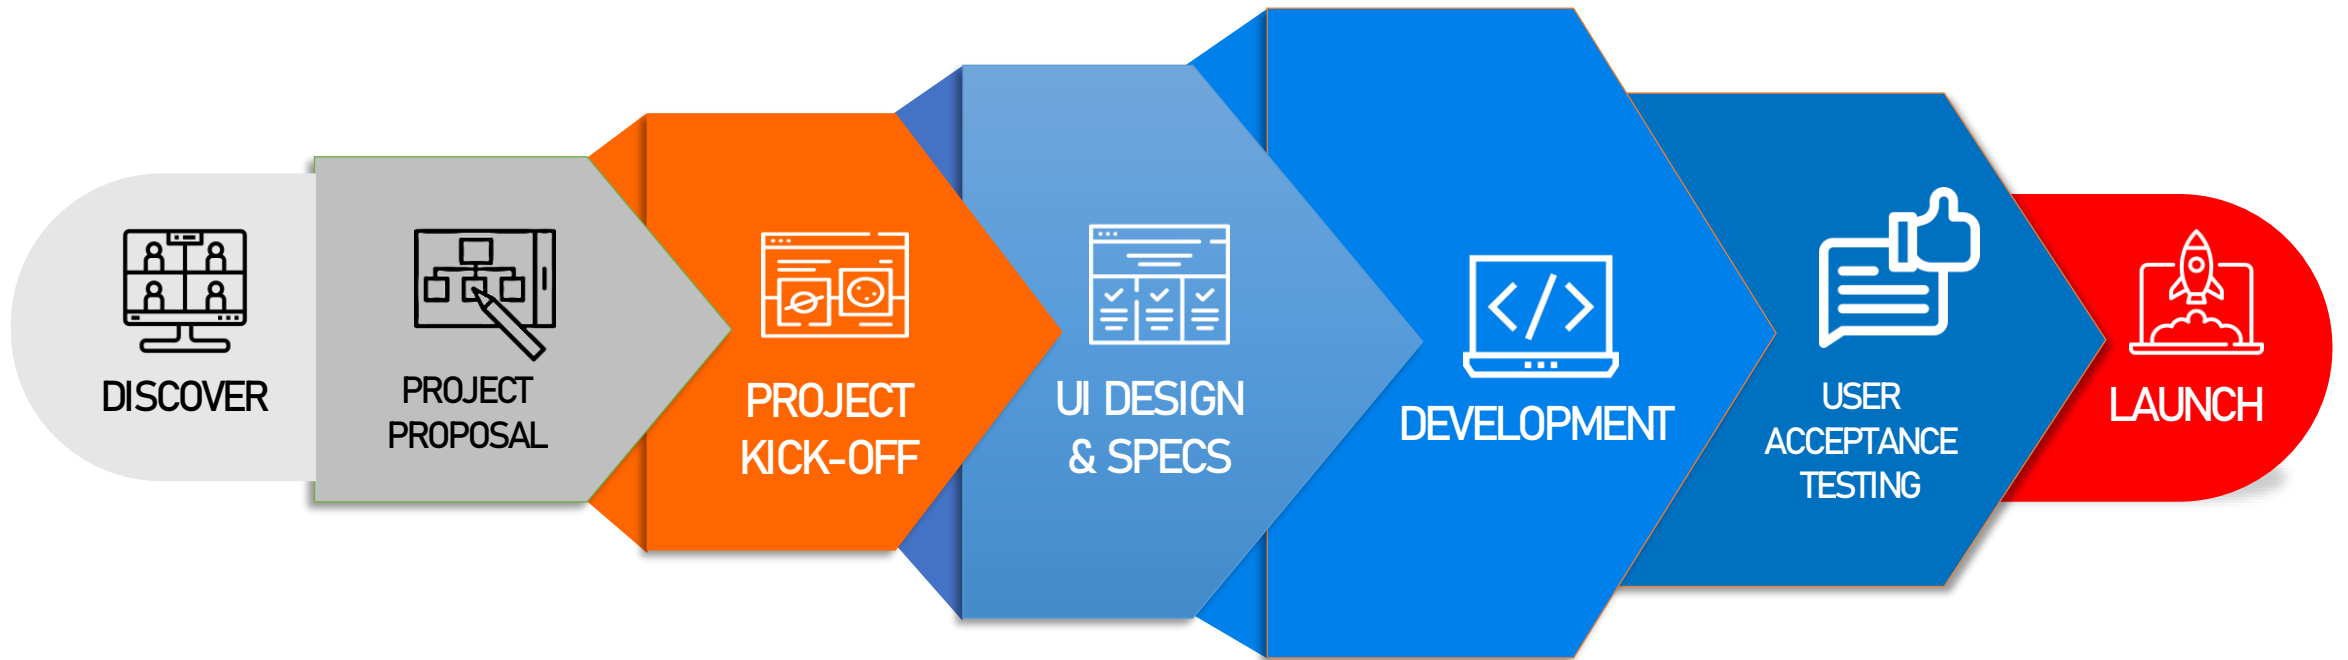

Service Agreement

Once the client agrees to the proposal. Hivelabs will provide a service agreement contract. Once signed, Hivelabs can begin the kick-off phase of the project.

MEDICAL

WellPoint Clinic EMR System

Electronic Medical Records

The screenshot shows the Wellpoint website interface. At the top left is the Wellpoint logo with the tagline "MULTI-SPECIALTY CLINICS • DIAGNOSTICS PHARMACY • AESTHETICS". To the right, it says "Location and direct" and "Bac Dasmariñas Clinic (046)". A green navigation bar contains the following menu items: HOME, COMPANY, SERVICES, HEALTH WIRE, and CONTACT. The main content area features a large banner for COVID-19 rapid tests. On the left, it says "Wellpoint Medical Clinic and Diagnostic Center" and "RAPID TESTS FOR COVID-19". Below this, two test options are listed: "COVID-19 RAPID ANTIBODY (IGG/IGM) TEST" for "Php 995 only" and "COVID-19 RAPID ANTIGEN (SWAB) TEST" for "Php 1650 only". On the right, another test is listed: "RAPID ANTIGEN SALIVA TEST" for "Php 1950 only", with bullet points: "✓ Non-invasi", "✓ FDA-Appro", and "✓ Fast Result". Below this, it says "AVAILABLE IN HABAY-BACOR BRANCH".

08/23/2023	WORMSTOP	1 (MG)	02:00 PM	

PRESCRIPTION

Prescription No	Date	Finding
IPDP242	08/02/2023	Stomach pain Typhoid fever and paratyphoid fever have similar symptoms. People usually have a sustained fever (one that doesn't come and go) that can be as high as 103–104°F (39–40°C). Diarrhea or constipation Some people with typhoid fever or paratyphoid fever develop a rash of flat, rose-colored spots.
IPDP243	08/31/2023	Flushed complexion or hot skin. Flushed skin is often a visual sign of embarrassment, anxiety, or being too hot. However, frequent flushing can sometimes indicate an underlying medical condition. Flushed skin occurs when the hundreds of tiny blood vessels just beneath the skin dilate, or widen.

Known Allergies

- Fast Food

Finding

- Stomach pain Typhoid fever and paratyphoid fever have similar symptoms. People usually have a sustained fever (one that doesn't come and go) that can be as high as 103–104°F (39–40°C). Diarrhea or constipation Some people with typhoid fever or paratyphoid fever develop a rash of flat, rose-colored spots.
- Flushed complexion or hot skin. Flushed skin is often a visual sign of embarrassment, anxiety, or being too hot. However, frequent flushing can sometimes indicate an underlying medical condition. Flushed skin occurs when the hundreds of tiny blood vessels just beneath the skin dilate, or widen.

Symptoms

- Thirst Thirst is the feeling of needing to drink something. It occurs whenever the body is dehydrated for any reason. Any condition that can result in a loss of body water can lead to thirst or exes
